WELCOME NOTE

Dear colleagues and friends,

It is our great pleasure to welcome you to Croatia, land of thousand Islands and the beautiful blue Adriatic Sea, for "1st Mediterranean Meeting on Pelvic Surgery and Pelviperineology" to be held in Zagreb, from December 1st to 4th, 2017 in Hotel "Dubrovnik", including Congress Workshops "Current Methods and Techniques of Pelvic Surgery" in General Hospital Zabok and Hospital of Croatian Veterans on December 4th, 2017.

Zagreb, the capital city of Croatia is one of the top tourist destinations in Europe that lays at the NW of the State, bellow the Medvednica mountain, with the long historic tradition of science, art, culture, sport and business in Croatia.

We will discuss all the aspects of this exciting field of pelvic surgery and pelviperineology, placing a special emphasis on new technology.

The Meeting is a unique opportunity to learn and to share innovative and best practice, ideas and experiences with colleagues from all over the Mediterranean countries. Wherever you work, take this opportunity to break away from your daily routine, in order to discover new approaches and to get acquainted with the lessons learned. But most of all, to network and return home with new knowledge, insight, ideas and newly motivate to your work and colleagues.

We hope to call upon gynecologists and urologists from all over the Mediterranean prestigious medical centres in order to promote modern pelvic surgery and its benefits.

There will be a significant place oriented towards "junior" doctors, where audio-visual presentations on interesting cases and complications will be discussed. At last, the city of Zagreb, one of the most beautiful cites in the Central Europe, offers a friendly and welcoming atmosphere within its architecture and rich culture. Exciting social events and excursions will be offered since Zagreb is the most wonderful at this time of the year. We proudly point out that Zagreb has been voted "Best Christmas Market" for the last two years in row by travellers on portal European Best Destinations.

Taking this chance, we thank you for participation in the Meeting that will never be a success without your presence.

Finally, please accept our best regards,
