Dear members of the ISGE family,

As president I would like to invite you to our annual meeting in Opatija. We have chosen a very nice location that will provide for excellent accommodation to have an exciting scientific gathering. Our Vice President Rob O'Shea is compiling a high standard scientific program to cover all aspects of the field of endoscopy. You will be able to satisfy your curiosity in our fascinating field of gynaecological surgery. Our sponsors will provide us with the latest advances in our field. For the accompanying persons our hosts of the Croatian society provide for a spectacular social program with the possibility to visit charming Venice in Italy – be sure to have your visa ready for attendees out of Europe. In Croatia there are many places of interest for you to visit. So do not hesitate to join us and more especially sent in your lectures to participate in this exciting event staged by our EXCO member Paya Pasic and his friends of the Croatian Endoscopic society.

Your president

Bruno van Herendael
